

South Forsyth High School Band

2022-23 Sponsorship Levels

The South Forsyth Band program is developing lifelong excellence in young people through a variety of music education experiences. Our various programs require a substantial amount of financial capital to support our student's educational enrichment, instruments, uniforms, specialized instructors, logistics, support, competitions, and so much more. It is truly the generous support of our sponsors that make the experience, memories, and goals possible for our students. Please consider sponsoring our program.

In addition to sponsorships for the overall band program, there are also opportunities to sponsor the North Georgia Marching Band Championships, an annual marching band competition hosted by the South Forsyth High School Band program, <https://www.sfhsbands.net/ngmbc>. This year's event will be held at South Forsyth High School's War Eagle Stadium on Saturday, October 29, 2022 with a lineup of 13 high school marching bands from the surrounding area and across the state. The competition is expected to draw more than 3,000 participants, spectators, and parent volunteers. Consider taking advantage of this fantastic opportunity to support our event and promote your business.
