

The South Forsyth High School Bands program isn't just about playing music; it's about shaping well-rounded individuals who excel in academics and the arts. Music students are among the highest achievers in our school.

Our various programs require a substantial amount of financial capital to support our student's educational enrichment, instruments, uniforms, specialized instructors, logistics, support, competitions, and so much more.

But you can provide so much more than that. You're investing in our community's future leaders. Your sponsorship can offer our talented students the opportunity to explore their creativity, thrive, and pursue their dreams.
